Fees

APS manages all aspects of APS Foundation (including administration, compliance, arranging investment management, and facilitating the yearly audit) and charges a single, all-inclusive fee of 1% per annum, excluding GST, on the amount held in each giving fund. This fee is calculated and paid monthly. APS Foundation can claim back 75% of GST paid and as such, the final cost to giving funds is 1.025% per annum.

Most of the assets of APS Foundation are managed by external fund managers. To the extent possible, such services are secured on a pro bono basis. However, where a pro bono arrangement cannot be secured with a fund manager, the Trustee may still choose to use them where they believe the particular investment will produce an attractive post fees return for APS Foundation. Such extra fees charged by the external fund managers are paid by APS Foundation and are in addition to the 1% fee paid to APS. Based on the assets of APS Foundation held at 30 June 2021, we estimate such extra fees to be approximately 0.25% per annum.*

*This only includes ongoing management fees of unlisted managed investment schemes or individually managed accounts. It excludes performance fees, out-of-pocket costs of third-party managers, fees incurred by listed investment companies and any other costs a direct investor would ordinarily incur themselves.
