

Australian Philanthropic Services Foundation

Focused Portfolio performance report

This performance report is for the Australian Philanthropic Services Foundation (APS Foundation) Focused Portfolio and covers the six-month period from 1 July 2025 to 31 December 2025. The next report will be for the six-month period from 1 January 2026 to 30 June 2026 and will be available in September 2026.

Portfolio selection framework

The Focused Portfolio is diversified across investment funds and individually managed accounts with a focus on Responsible Investing (RI) or Environmental, Social and Governance (ESG) criteria. In seeking to achieve the Foundation's investment objective, it invests predominantly in products that have an explicit RI or ESG objective, or that generate a positive and measurable social and/or environmental impact alongside a financial return.

The Focused Portfolio construction is based predominantly on the [Responsible Investment Framework and Fund Classification system](#) and Fund rating and assessment process designed by investment research and investment consultancy, [Zenith Investment Partners](#). The portfolio comprises investments that hold Zenith Investment Partners':

1. *Highly Recommended* or *Recommended* investment ratings; and
2. Top three RI categorisation of either *Integrated*, *Thematic* or *Impact*.

A *Highly Recommended* or *Recommended* investment rating means that the investment scores highly across Zenith's key areas of assessment and Zenith believes that the fund or product has a very high probability of meeting its stated investment objectives.

Investment funds or products classified as *Integrated* seek to achieve the investment objective by expressly taking into consideration RI/ESG factors which materially alter the fund's permitted universe and portfolio allocations.

Investment funds or products classified as *Thematic* seek to achieve an investment outcome that includes an explicit RI or ESG objective that is both measurable and reportable. *Thematic* investment funds or products invest specifically in themes or assets related to sustainability such as renewable energy, sustainable agriculture, or affordable housing. Thematic investments are underpinned by a robust assessment of RI issues.

Investment funds or products classified as *Impact* aim to generate a positive, measurable social and environmental impact alongside a financial return. While having many commonalities with *Thematic* products, *Impact* investments must also be aimed at generating a positive, measurable impact alongside a financial return with full transparency.

Fees

The fee for a giving fund within the APS Foundation comprises an administration fee payable to APS and an external fund manager fee.

Administration fee

APS oversees all aspects of the APS Foundation including administration, compliance and internal investment management. APS receives a fee of 1% per annum, excluding GST, on the amount held in each giving fund, calculated and paid monthly. The APS Foundation can reclaim 75% of the GST paid, resulting in a final administration fee of 1.025% per annum.

External investment management fee

Most assets of the APS Foundation are managed by external investment managers. Many managers provide their services on a low or pro bono basis, which contributes materially to giving fund balances. Where a pro bono fee arrangement cannot be secured, the Trustee may still choose to use them where it believes the particular investment is likely to produce an attractive post fee return for the APS Foundation. Such extra fees charged by the external fund managers are paid by APS Foundation and are in addition to the 1% fee paid to APS. Based on the assets of APS Foundation held as at 31 December 2025, we estimate such extra fees to be approximately 0.24% per annum*.

The performance of the APS Foundation is always stated after all fees, whether such fees are paid to APS or to external fund managers. The published performance figures are what have been credited to giving fund balances.

*This only includes ongoing management fees of unlisted managed investment schemes or individually managed accounts. It excludes performance fees, out-of-pocket costs of third-party managers, fees incurred by listed investment companies and any other costs a direct investor would ordinarily incur themselves.

Governance

The Trustee of the APS Foundation is Australian Philanthropic Services Foundation Pty Limited, a wholly owned subsidiary of Australian Philanthropic Services Limited (APS). The directors of the Trustee are John McMurdo, David Ward, and Judith Fiander. The investments of the APS Foundation are overseen by all Trustee directors. [David Wright](#) holds day-to-day responsibility for managing the investments of the APS Foundation Focused Portfolio, including engaging the services of external specialist fund managers.

Supporters of the APS Foundation's Focused Portfolio

We are deeply grateful for the support provided by several fund managers and service providers, many of whom offer some or all of their investment services on a low or pro bono basis to assist in managing the APS Foundation. Their generous contributions significantly enhance the performance of the APS Foundation and, in turn, the giving fund balances of our clients. During the financial year ended 30 June 2025, the value of these reduced fees exceeded \$1.9 million.

We sincerely thank the companies mentioned below for their kind support of the Focused Portfolio during the six months ended 31 December 2025.
